

the future at work

APPLY NOW for CodeIT Suisse

Take part in this Coding Competition for your chance to interview with Credit Suisse Information Technology and prizes worth a total of HKD 10,000

Information Technology (IT) is more than networking computers and help desk support: it's one of the fastest-breaking ways to manage critical financial information across the globe. IT provides seamless technology solutions, from algorithmic trading systems to global messaging networks. Credit Suisse is a forward-thinking financial services firm serving clients around the globe. Within IT we have 9,000+ employees globally and is larger than many Fortune-listed companies, with 40%+ of our IT budget used for investment in new systems. Banking is a technology business, and IT is a true differentiator for Credit Suisse.

To further build our award winning IT business, we need talented people like you to join us. Take part in CodeIT Suisse, a Coding Competition designed to help you demonstrate your skills, personality and aptitude for technology and get the chance to interview for an internship with us.

Who is eligible?: The Competition is open to Undergraduate and Masters students from The University of Hong Kong (HKU), Hong Kong University of Science and Technology (HKUST) and The Chinese University of Hong Kong (CUHK), graduating between December 2015 – June 2016.

How to apply:

1) To participate, you must form a team of three to five eligible people. Each team must decrypt the following message and apply as per the below instructions by **Thursday, October 2, 2014**:

- The following is encrypted with AES-256 and in base64, and the key is the last name of the person who said the below quote. Try to break it!
- The base64 codes:
LbXS5WUSPUPwmbf1/EaQZ4Ex3aNIcszMGBVqjJk8OZ2e7FsVEHWeFil4v5KfMopbbWbSnhmxSOBKywpWjx8F2g==
- The quote: "*They're not birds! They're keys! Winged keys.*"

Once decrypted, instructions will be provided in the decrypted message on where to apply for the Competition. **Each team member must submit an application** by **Thursday, October 2, 2014** including the following information:

- Attach your CV and on the top of your CV, include the full names of all your team members

2) Once you have decrypted the message and applied for the competition, you will be sent another more challenging message to decrypt for bonus points. Further information on this will follow upon application.

Teams will then be selected and invited to attend the "Finals" weekend on October 10-12, 2014. Participants must be available to take part in the Finals competition over the course of this weekend.
